The doctor will generally need your assistance carrying your pet to the car for transport.

*Pets under 25#: the doctor may be able to carry your pet to the car without assistance

*Pets >25#: the doctor will assist with logistics, but you will need to carry your pet to the car

Please plan to have at least 2, if not 3, family members/friends available to help carry your pet.

We may also be able to bring an assistant to help with carrying if needed (additional fees apply).
